

Our Standards

Modebest Builders Ltd is committed to attaining the highest standards of workmanship in all areas of its operations. The Company aims to provide defect free products to its clients on time and within budget. Modebest Builders Limited Quality Management System contains all stages of a project life cycle and supports processes from concept stage through to final commissioning of a project. Our quality management system is certified to ISO 9001-2015 standards.

Modebest Builders Limited Vision:

- We are committed to working diligently for the Safety, Health & Wellbeing of our colleagues and those around us.
- We want to maintain and develop working relationships, not just for one project but for life with all of our clients, delivery partners and colleagues.
- We want to build on achievements based on client satisfaction, delivery, value for money and effective collaboration.
- We want to provide customer service which forms a core belief of our business to create and maintain relationships.
- We want to foster an environment where all can strive to achieve high performance standards and create opportunities for learning and creativity

Modebest Builders Limited Objectives:

- Carry out our work in a manner which fully meet our customer's specifications and requirements whilst working tirelessly to look after the health, safety & wellbeing of our colleagues and those around us.
- Continually improve efficient and cost-effective methods of work, and to be responsive to technologies, methods and standards appropriate to the industry.
- Communicate throughout the Company the importance of meeting client needs and all relevant statutory and regulatory requirements, we want the people who work with us, our clients, delivery partners to be part of our team, not just for one project but for life.
- Maintain a policy of continuous performance improvement in respect to both the products and services we provide to our customers and build success based on customer satisfaction, collaboration, value for money and reliable delivery.
- Recognize the contribution that all the Company's personnel and contractors make to quality, and to provide the necessary information, resources and training to enable them to achieve and maintain the high standards.
- Ensure that the Company's policies are understood, implemented and maintained, and that the Management and staff are advised of their responsibilities for the implementation of our Quality policy by training, access to any operating methods / procedures etc.
- Establish, develop and improve the Quality Policy and Quality Management System.
- Continually improve the effectiveness of the Quality Management System.
- Enhance client satisfaction.

The Company requires its employees and contractors to become involved with developing the Quality Management System and comply with all the requirements appertaining to their works.

Quality Policy

As Directors, we will personally accept the responsibility of the Quality Manager and secure that this Manual is reviewed, at least, on an annual basis.
